and files this motion & would show the following:

I.

It is the maxim of law that for a matter to be  
resolved it must be asserted.

It is a clear fact that the above mentioned  
petitioners are currently incarcerated in the Dallas  
County Jail while the COVID-19 Pandemic is  
currently devouring the population in the world  
and as a result the above mentioned Petitioners

have been subject to Inhumane, harse, cruel and unusual punishment, to with not being housed properly as currently the Jail has the petitioners who are flesh and blood living men with souls to be in 24 man tanks while it has already been deemed by Public officials that no more then 10 people are allowed to gather in one place at a time, while we are 14 people over that number by force and as a result our rights to access the courts has been denied we deem this Act to be unconstitutional and demand Remedy, Cure and maintenance of the issue.

## II

As a result of the courts ~~and~~ ~~the~~ lack of due diligence we have suffered the violation of the Speedy trial Act as well as the right to be heard the right to bond the right transition to daily prison life to receive contact visits and program rehabilitation as well as to access the courts and have our motions heard and ruled on.

The above mention lack of safe gaunds not put in place by the courts amounts to denial of due process and as a result puts the courts in breach of contract as well as those under the courts authority.

For we did not consent to be treated as such and the courts are using color of law to justify the unconstitution conditions in which the petitioners are currently being subject to by force.

### III

We move that the court order the release of all of the petitioners to avoid lawsuits for fraud in the factum as well as intrinsic fraud and fraud for misplacing of ~~statutes~~ statutes. For the longer we are held to such conditions we are put at a greater risk everyday to catch COVID-19 and have had no just treatment which can lead to an civil lawsuit [See: the tuskigee study].

WHEREFORE PREMISES CONSIDERED defendant's humbly prays that said court grant such motion as justice will be done in this case.

Respectfully Submitted  
Pro SE Defendants
